

A family event to celebrate "Math is Everywhere" even in a story/movie. . .

Hosted by the School District of Mystery Lake in celebration of the month of May as

Marvelous Math Month

Jump on the train and join us at Hogwart's School of Wizardry and see what a wiz you are in Math

Harry Potter Family Math

Wednesday, May 18

4:30 - 7:30pm

TRCC gym

Come enter the world of Harry Potter.

Visit shops on Diagon Alley and Hogwarts School and try out math activities related to events in the books/movies of Harry Potter.

- This is a family event and students need to be accompanied by an adult or responsible older sibling. Part of the fun is experiencing math together as a family.
- This is a come and go event so choose a time that works best for you. You can come for a while and stay as long as you want.
- Dress up as a wizard or make a crazy hair style.
- Join the fun and "play math" with us.
- Each of the 20+ tables will have colour-coded math activities for Kindergarten to Grade 5 students. In this way, when a family comes to a table, everyone has a math activity they can try.
- Student will receive a colour coded passport to help us know which activities to direct them to.
- When you are ready to leave, hand in the passport and receive a gift.
